Science Teacher
Murrumburrah High School

School Information
Murrumburrah High School (enrolment 162 students, including 13% Aboriginal students) is located in the rural community of Harden-Murrumburrah, 33 km south of Young, and offers a broad range of academic, sporting, social and cultural experiences. Students have the opportunity to undertake Vocational Education and Training courses (VET) as well as school based apprenticeship and training programs. School priorities are quality teaching and learning with a focus on literacy, numeracy and writing, student engagement and student welfare. Special programs include Norta Norta, Driver Education, and Farm Club. The school is a lighthouse school for agriculture. It is strongly supported by the Harden-Murrumburrah community and is a member of the Murrumboola Learning Community.

Position Information
This position is available from 06 October 2015 to 23 September 2016.

The successful applicant will be required to teach a range of Science Courses from Years 7 to 10 and become an integral part of the Science team at Murrumburrah High School.

Position Criteria
- Approval to teach science Years 7-10.
- Willingness to teach agriculture.
- Capacity to integrate technology into teaching and learning.
- Demonstrated ability to work collaboratively as part of the Science Team.

Applications
If interested in this opportunity, submit by email an expression of interest of no more than two pages addressing the position criteria and outlining your qualifications and teaching experience. Include the names of two professional referees who are familiar with and able to discuss your professional abilities and suitability for this position.

Applications and enquiries should be forwarded to Mark Jankovics, Deputy Principal.
